

Postdoctoral Fellowship Position: Pediatric Behavioral Sleep Medicine

The Division of Behavioral Medicine & Clinical Psychology (BMCP) at Cincinnati Children's Hospital Medical Center (CCHMC) announces the availability of a 1-year Postdoctoral Fellowship in Pediatric Behavioral Sleep Medicine. Successful candidates will embrace a scientist-practitioner model of training and clinical care and have prior clinical experience in pediatric and/or child and adolescent psychology. Prior exposure to pediatric sleep disorders evaluation and treatment is preferred and the ideal candidate will have a long-term career goal to specialize in pediatric behavioral sleep medicine. The fellow will work closely with board certified sleep psychologists and sleep physicians within a Society of Behavioral Sleep Medicine Accredited Behavioral Sleep Medicine Training Program and an American Academy of Sleep Medicine Accredited Sleep Center. Training will focus on evidence-based behavioral sleep medicine evaluation and treatment with the full spectrum of pediatric sleep disorders including insomnia, hypersomnia, parasomnias, circadian rhythm sleep disorders, and sleep disordered breathing. While the fellowship is primarily focused on clinical training, the fellow may receive protected time for collaborative research projects, program development, and/or teaching, as determined by their career goals. The primary mentor of this position is [Kelly Byars, PsyD, ABPP, CBSM, DBSM](mailto:kelly.byars@cchmc.org) (kelly.byars@cchmc.org).
